

Dear Parents and Carers,

February 8th Covid-19 Vaccinations. Following their letter to you on the 17th of January 2022, the School-Aged Immunisation Team have now confirmed that they will be in school on February 8th to administer the vaccinations to students aged between 12 and 15 years old where parents have given consent. If you wish to give consent for your child and you have not already done so, then you can complete the online consent form using the link and the school code below.

<https://www.nottinghamshireimmunisations.co.uk/Forms/Covid> **School Code: NG138641**

The link to the consent form will close at 1:30 pm on the 7th of February. You can find out more details about the schools' Covid-19 vaccination programme by following [this link](#). We are not able to confirm the time your child will have the vaccination in advance.

Message from the School-Aged Immunisation Team. The SAIS team have also asked us to share this information with you.

"It has been brought to our attention by Public Health and NHS England that there has been a nationwide problem with the recording of some of the first dose Covid vaccinations. It would be greatly appreciated if you could check your child's vaccination records either via your GP or by your child's covid passport which will go live from 2nd February. Should this vaccination not appear on your child's records please contact the SAIS team at SAIS@nottshc.nhs.uk with a snapshot of your child's vaccination card"

Yours faithfully

Andrew George
Head Teacher
