

SCIENCE

H7 through to H8 or
H11 through to H12

Why do bee and wasp stings hurt? What would happen if a bee and a wasp stung you in the same place? Which animal has the most powerful sting? Find out in science!

ENGLISH

C1 C4 C7

Join us for some creative tasks on Character, Setting and Plot: the essential ingredients of a great story.

ICT

A15/A16

Block-based Programming using Kodu, PC Building, How our Virtual Learning Environment (VLE) can support home/school learning.

LANGUAGES

(MFL) A10

Join in with some vocabulary games, colour coding and code cracking with MFL staff

D&T

B2, B6, B7

Take a tour of our excellent facilities across the disciplines of Design and Technology. All of our rooms are open for you to view, some with fun activities. In Graphics (B2) we challenge you to design and draw like a designer, witness the laser cutter and 3D printer. Resistant Materials (also B2) has a range of products to see what challenge the norm or 'making a box' Upstairs we have Textiles (B7) where you can see fashion in action and undertake challenges to make you think. Across the corridor (B6) we have Food Preparation & Nutrition where you can spot hazards and do some taste testing.

CANTEEN

Hot Cateen/Core

Please pop down to the canteen to sample some of our school catering. Available up to 6.15pm

MATHS

C18 C20

Come and take part in our mathematical puzzles and solve the treasure hunt. Hear about the current students experience of lessons and the wider reaching application of maths.

RE

A20

Take some time to talk to staff and students about why RE matters in the modern curriculum and learn about some of the issues which are taught through RE.

HISTORY

A21

Help reveal treasures once lost to time by trying your hand as a history detective.

ART

F3

Take in the many fantastic pieces produced by the pupils of Kimberley school and take part in a fun taster activity.

GEOGRAPHY

A18

Join students as they find their way around the world.
